

# Waitakere News

August 13th 2014

Last week was project night , when club members learnt all about what the club is up to. Boy we certainly do a lot.. Did anybody know that this month – August is **Membership Extension Month**? Does that mean we should be bringing along as many potential members as we can. If each of us brought along a guest each who we thought would be an ideal member and that guest joined the club that would mean the club membership would double. Next month is New Generations month.
