

Waitakere City Rotary 9th Annual Soapbox Derby

Corporate Cars

18th March 2012

2012 saw the introduction of the “Corporate Car” race cars for adults.

Sponsors, Principals, one or two teachers and others with major derby involvement took the cars down the track for a spin and all came out beaming saying, “Let’s do it again!”

It was noted though that none of our Rotarians put their hands up for this though.

Our NZ Race Director sponsored one of the cars and Davis Funerals the other. This led, of course, to many comments but we would like to report that at our race their services were not required!

Clarksons are a New Zealand wide electrical company

Davis are great supporters of community events and sponsor:

- Business after 5
- Jazz in the vines - Davis fundraiser for Hospice West Auckland
- Heart kids west Auckland
- Numerous bowling tournaments
- Look Good Feel Better charity golf
- Corban Revell golf tournament

Breakfast Show: Friday 16th March

Waitakere City Rotary 9th Annual Soapbox Derby

Corporate Cars

18th March 2012

Friday saw a number of the teams turn up at our practice track before dawn for Breakfast TV and Tamati Coffey braved a trip in the corporate car. He had so much fun that he didn't want to put the brake on and was watched by us all vanishing in the direction of the Westgate Mall. He eventually returned with a broad grin on his face puffing slightly from the long walk back.
