2012 Soapbox Derby Newsletter #2

7th February 2012

Dear School and Sponsors,

Welcome to our new sponsors and schools. We trust you have had a good break and are settling into the New Year.

Key Soapbox Derby Dates:

Saturday 25 th February 2pm	SBD workshop – General Car Setup
Thursday 8 th March	Compulsory Safety Brief
Friday 9 th March 7pm	SBD workshop – Fine Tuning
<i>Saturday 10th March</i>	<i>Northcote SBD – Kaipatiki Road</i>
Sunday 18 th March	West Auckland Soapbox Derby - Westgate Drive, Massey
<i>Saturday 24th March</i>	<i>Whangaparoa SBD – Brightside Road</i>
<i>Saturday 31st March</i>	<i>Auckland East SBD – Stonefields Road</i>
Sunday 1 st April	NZ Finals – Stonefields Road, St Johns
Thursday 5 th April	Post your Video Competition entries to us
Wednesday 2 nd May	Soapbox Derby Thank You Night

By Now:

- Your school role should have settled, the year should be under way... and you will probably know most of your students' names
- A few schools are underway with the derby, many are still catching their breath after the start of the school year

First Step:

- Ensure your school has its car, the plans and any required spare parts.
- **Ask your parents for help!**
- Start forming the school racing team and narrow them down to prospective drivers and crew

A successful team often has:

The Principal	To support it
The Secretary	To promote it
The Teacher	To run it
Parents	To do the work

HELP!

- If you need parts – contact Lyn
- If you need sponsors logos or details – contact Heather
- If you need help with assembly or fine tuning - contact Alan
- If you need help with promotion to your school – contact Kerry

We are here to help so if you need it – ask!

Second Step:

- Teach the team how to completely dismantle and reassemble the cars
- The competitors also need to learn the rules from the AASBD website (It saves arguments if everyone knows them) www.aasbd.org
- The NZ SBD Trust have also issued a few local rules that we need to comply with: <http://www.rotarywaitakere.org.nz/uploads/2012-SBD/NZ-Rules-2012.pdf> (Note: This was updated early February 2012)
- Practise sessions need to get under way – start on gentle slopes and work upwards
- You need to get your car body painted in the sponsor's colours with logos
- If you are planning a food stall as a fund raiser then let Heather know
- If you have a Carnival idea as a fund raiser then let Heather know

Practice:

Please, please, please ensure the kids can handle their cars and use their brakes before launching themselves down steep hills!

Every year we have several crashes that cause major damage to cars, minor damage to the drivers and a severe depletion of our spare parts!

For complete novice drivers – start them on the netball court with the team pushing then build up to steeper slopes slowly.

Note that this applies to **checking** your car too. If your car has been in store then cables will have loosened and new builds need to be checked on gentle slopes first!

Practice Site:

As usual we are working on this (circumstances can change if we ask too far out) but in the meantime...

Last year our preliminary practice site was in a new development in Vno Cina Heights in Ranui. This is an excellent site for beginners to learn to control the car with a good road surface and a range of contours to use as they build in ability.

This is a new development and there are more houses there than last year – and a fair bit of construction going on - but many of the new houses are empty. Finding residents home during the week to talk to them is difficult but the one we did find was cool with it.

Be aware that these ARE public roads and visiting drivers will not expect to see a small SBD car racing towards them at speed! You will need adults at appropriate places for safety.

Car Setup Workshops:

During Race Week in America the teams are encouraged to attend workshops to learn the finer points of setting up the soapbox derby cars and how to use "spindling" tools.

We are very fortunate in that our last two NZ Champion's teams are passionate about the derby, attended these workshops, are highly skilled - and want to share their knowledge.

The team brought back two sets of tools (pictured) for us.

Rather than put them in the storeroom (never to be seen again) we have entrusted them to Shawn and Barry's care on the **strict** condition that they play nicely and share!

We have therefore arranged two workshops for them to share their knowledge

Saturday 25 th February 2pm to 4pm	A general workshop on car setup	Venue: Scout Hall Riverhead War Memorial Park (opposite the service station)
Friday 9 th March 7pm to 9pm	Fine tuning using the spindling equipment	
Contact: Shawn Dyer Home: 412 9500 Mobile: 027 390 9885	Barry Hinton Home: 810 9977 Mobile: 022 0143 862	

Please note that other Clubs also have these tools and have learnt how to use them. To be competitive in our race, the NZ Finals and in America **a finely tuned car is essential** so learn how to do it.

The following points are the key ones for success:

- A well setup and finely tuned racing car
- A well practised driver
- A focussed driver who "can read the road"
- A smidgeon of luck

Sponsors:

We are in the process of contacting all our past sponsors, confirming those who wish to be involved again and seeking out new sponsors. Those sponsors who have confirmed so far are listed below; others are still in the telephone tag game.

If you can help with leads for sponsors it would make our task much easier. We are happy to liaise with a sponsor on your behalf.

A brochure is available from Heather for prospective sponsors and we also have a copy of the brochure as a pdf on our website – www.soapboxderby.co.nz

We have heard parents say in the past, "This is a great event; if I'd known about it then I would have liked to sponsor my school's car!" Advertise it in your newsletters and you may just find parents beating down your door in their rush to come to you!

NOTE: For those schools who find their own sponsors there is a **REWARD!**

We will give your school a classroom set of 30 Rotary dictionaries (retail value \$900) if YOU can find full sponsorship for your car (pro rata reward for partial sponsorship)

Following is a list of confirmed sponsors:

We are extremely fortunate to have two very good sponsors helping to fund the event:

- The Trusts Charitable Foundation through the Licensing Trust and
- Auckland Council

Please advise us of any changes to the following:

Corporate Cars:

Two years ago the NZ Race Director, Terry Clarkson, went to Akron and came back with the idea of Corporate Cars for our Sponsors.

This year we asked for the plans from America and Alan has built two for the NZ SBD Trust to be used for a race at the local races.

Who can drive them?

- Principals
- Our Full Sponsors

We may extend the category depending on interest and time available for racing.

Expressions of interest please to Heather and we shall see what we can do.

Carnival Ideas:

We have thought long and hard on how to make the Event extra appealing for spectators (hey, we all know the cars are fascinating but kids watching get restless and like other things to do as well).

Expensive rides are ... expensive.

We are therefore looking to provide a Home Grown Carnival Event with all profit going to those who provide the stalls.

The Whenuapai Air Scouts have lots of great ideas and plans – does your school have any too?

- Face Painting
- Bubble blowing toys
- Coconut shies
- Dunk the Principal
- ...

Involve your parents and PTA, dream up a few ideas and contact Heather with the details.

Life and Colour:

Bring your Cheerleading team!

Food Stalls:

- This event is a Rotary fundraiser but we like to include other participants needs as well
- Ask your PTA if they would like to run a food stall – and email Heather with their suggestion.

Guide Biscuits:

It is biscuit season. If any Guides have any remaining stocks that they want to sell then by all means do so at the Derby

Video Award:

Some kids are born to race; others aren't - but have other useful skills. Involve them!

Details of our Annual Video Award are on our website: www.soapboxderby.co.nz

Interesting Info:

- DID YOU KNOW: This race is a primer for competitive car racing in the USA?
- IT IS A FACT THAT:
70% of NASCAR racing drivers started their career by racing in the AASBD

- The SBD is also a primer for motor sport racing in New Zealand with things such as the understanding of rules, sponsors and safety briefings being of benefit

As information becomes available we add it to our website – including copies of the newsletters. Photos, videos etc from past derbies are also on our site.

Emails:

Please keep an eye on your emails as more information will be coming out soon. If you have other people who would like copies - email Heather with their email address and they will be added to the mail out list.

We have very few parents on the email list (we haven't been given addresses for them) so please ensure they get a copy and know about the website.
