

Rotary Visit to Orap School on Malekula Island Vanuatu May 2014

Kerry McMillan, Peter Thomson from Waitakere and Les Wilson, Dave Foote and Adrian Cross from Dunedin, volunteered for this trip to Orap School, Vanuatu. They went there to install 2 Drinking Water Tanks, Construct Tables and Chair for the Pupils and to undertake repairs and maintenance on the School Buildings. Presents were also taken, these included an Electric Piano, Lap Tops, Reading and Sun Glasses, Books and Mosquito Nets.

New Water Tank at the Aid Station run by Jocelyn

Adrian Francois Dave Jocelyn and Kerry.

New Guttering to collect Rain Water

Les and Raymond constructing the Chairs and Tables.

Samples of the Tables and Chairs

The Chairs were so well built that they were able to take the combined weight of Dave and Adrian, who are both 100 Kgs plus.

**Adrian and Dave installing another
Water Tank (6000L) for the Girls Dormitory**

**Kerry and Francois replacing some of the roofing iron and adding new guttering to feed
the new 6000 L tank**

The Computer Room with the additional Lap Tops that Adrian hooked up

Dave and Adrian improvising the fitting of new guttering.

Not sure who's giving instructions.

Dave preparing boxing for new concrete door step

Kerry and Francois fitting Mosquito Mesh on the Dormitory Windows.

Peter testing water samples from the river, by the village, with help from local kids.

School Buildings at Orap

School Grounds from our accommodation.

Some of our wise men deep in thought.

Adrian, Louis the schools' Headmaster, Kerry and Dave.

Kerry flat out planning tomorrows work.

The following are some of the photos taken at the gathering where our presents were given out.

Some of the kids and parents. Note the hand woven mats the kid are sitting on.

The Electric Piano being played by local villagers.

Our accommodation at the Hilton Orap.

Tea and coffee facilities

Les relaxing in his suite.

Drinks cabinet and nibbles.
